

# 2020 Philanthropic Year in Review

Since our founding in 1876, Univest has focused on making a difference in the communities we serve. As we navigated the uncertainty caused by the pandemic, it was vital that we stayed true to our philanthropic spirit. We know that Univest is only as strong as the communities we serve and our approach is simple – offer financial support coupled with strong leadership and volunteerism. The impact we made in 2020 was a testament to our unwavering community-based values and dedication to our Committed to Local philanthropic program.

# *Our Philanthropic Promise*

We firmly believe in giving back to the local communities we serve. In bringing this spirit of service to life, we offer strong leadership, employee volunteerism and financial support to organizations whose programs and services complement our brand and mission. We focus our giving in the areas of youth and education, health and social services, community and economic development, and arts and culture. This is our way of making a difference each day, through helping to improve the quality of life for our local friends and neighbors in the community.

*Committed To Local*
